<p>The chart displays the daily precipitation heights (in mm) for each day of the year. The x-axis represents the day of the year (1 to 365), and the y-axis represents precipitation in mm. The blue bars show the daily precipitation, which peaks around day 31 (January) and again around day 120 (July). The red dashed line shows the number of days where precipitation was at least 0.1 mm, which remains relatively stable around 100 days throughout the year.</p>
